PUBLIC NOTICE

Wyoming Department of Health Psychiatric Residential Treatment Facility Reimbursement

Public notice is hereby given that the Wyoming Department of Health intends to submit a State Plan Amendment (SPA) to the United States Department of Health and Human Services Centers for Medicare and Medicaid Services (CMS). Upon CMS approval, the proposed changes will update Attachment 4.19A, Part 4, Reimbursement of Psychiatric Residential Treatment Facilities for Individuals 21 and Under (PRTF), which will be effective November 1, 2013.

Per recent guideline clarification issued by CMS, any Medicaid covered ancillary service provided to a Wyoming Medicaid PRTF client (i.e., dental, vision, emergency room services) should be billed directly to Wyoming Medicaid by the ancillary service provider. Reimbursement for these services will be issued outside of the PRTF daily rate/per diem directly to the ancillary service provider- not to the PRTF. This does not include treatment services provided to Wyoming Medicaid clients within the PRTF. In order to receive payment, these ancillary services must be covered under the Wyoming Medicaid State Plan, and the ancillary service provider must enroll with Wyoming Medicaid and bill accordingly.

There should not be a federal fiscal impact associated with this amendment.

Copies of the Wyoming Medicaid State Plan will be available at the Department of Health, Division of Healthcare Financing. To obtain a copy of the State Plan Amendment, contact:
